

## BDM PARENT ORGANIZATION COMMITTEE INTEREST SURVEY

Much of the work performed by Bishop Dunn's Parent Organization, since it was re-established several years ago, has been done through participation in various subcommittees that were formed to help meet the needs of our school and its students. Please take a moment to complete the form below and send it to school to the attention of Mr. DelViscio. Someone will be in contact with you when a meeting is scheduled by the subcommittee in which you have indicated an interest in participating.

Please put a check below next to any committee or committees in which you would like to participate.

\_\_\_1) **ENRICHMENT COMMITTEE:** Work with teachers and administrators to increase enrichment opportunities for our students, including suggestions for guest speaker programs, field trip opportunities and after-school activities.

\_\_\_2) **FACILITIES/INFRASTRUCTURE COMMITTEE:** Work to improve the physical environment of the school building and assist in making improvements to the building and grounds in projects that cannot be completed by the college or our own custodian. Our playground is one example of the work completed by a Bishop Dunn parent sub-committee.

\_\_\_3) **FUND-RAISING/DEVELOPMENT:** Help maintain our current fund-raising levels for regular school operations, and become involved in other suggested fund-raising opportunities.

\_\_\_4) **POLITICAL COMMITTEE:** Work through participation in the Catholic Schools Network to improve lobbying capabilities with our local, state and federal politicians and advance our concerns on educational issues, such as promoting a voucher system for families paying for private education.

\_\_\_5) **SPIRITUAL DEVELOPMENT COMMITTEE:** Work to assist the school staff to fully integrate the spiritual formation of the child within the school setting and to help promote religious academic, human and spiritual values in home, as well."

\_\_\_6) **TECHNOLOGY/COMMUNICATIONS COMMITTEE:** Work with administrators and school staff to further develop and coordinate the school's technology projects, including the wiring of classrooms for expanded Internet access and the possible addition of school-wide intercom capabilities.

Are there any other types of committees you would like to see formed or issues that you feel should be addressed at upcoming Parent Organization meetings?
